BRIEF AND BREEZY.

Mrs. S. Dinwoodey and Mrs. James H. Moyle gave a large lawn party last evening.

Yesterdays clearings were \$17,061, as compared with \$26,711 for the same day of last year.

There are messages at the Western Union Telegraph office for Mrs. Jane Seybold, Z. L. Dunn, Ruth Shield and James Freeman.

Marriage licenses were issued yesterday to James H. Lewis and Julia E. Wilson and George E. Smith and Pearl Reese, all of this city.

The board meeting, to have been held in the fourteenth ward hall July 10, will be postponed till further notice on account of the non-arrival of the New Zealand delegates.

Chief Chalmers, of the fire department, was walking on 8th yesterday morning, the cause being the arrival of a son and heir at his home. The mother and baby are doing nicely.

John O'Neill, aged 48 years, died at the Holy Cross hospital yesterday. The remains are at Coffin makers, during the establishment awaiting instructions from relatives of the deceased at Green River.

At 6 a. m. yesterday the thermometer registered 71 at noon 82 and at 6 p. m. 92, the maximum temperature being 92 and the minimum 61. Observer Salisbury's forecast for today is: Fair weather, cooler.

The fourteenth ward Democratic society will hold a meeting at Judge Norrell's office in the Masonic building tomorrow evening at 8 o'clock. All officers and members are requested to be present.

A special to The Herald last evening announced the death of Mrs. John W. Thornley, of Layton at 6:30 p. m. yesterday. The lady was a sister of Hon. W. H. King, of this city, and was well known throughout the territory. She leaves three children, the youngest being but three weeks old. Plans for a funeral have not yet been made.

Last night an adobe shack on Fourth North street between Fourth and Fifth West, which has for years been occupied by a Chinese known as "Joe," caught fire, and the department was called out. The damage done will not exceed \$500. It seems that "Joe" was asleep, leaving a candle burning near some inflammable material which caught fire.

Professor Willard Dore returned yesterday from a short vacation trip to Utah county. He visited while away the main cities of that county, spending most of the time in Panguitch. He returned yesterday in a beautiful condition, crop prospects being of the best, and an awakening in matters of home industry, educational improvement, etc., being noticeable.

Ephraim G. Davis, of Spanish Fork, upon whom a surgical operation was performed on Saturday last, died Sunday morning at St. Mark's hospital. The operation was performed for the purpose of relieving a large tumor in the liver. A post mortem examination was held yesterday afternoon by permission. The deceased was 42 years of age and leaves a wife and five children.

Word comes from Spring City, Sanpete county, that Byron Alfred, eighteen-year-old son of N. W. Alfred, Jr., of that place, died Friday morning after a ledge in the east mountains, striking the rocky ground some 30 feet below. His body was terribly mangled. No notice of the distressing accident having been received until Sunday the remains were badly decomposed when they were taken to the party. The boy was herding sheep at the time of the accident.

No eastern or western mails were received at the postoffice yesterday. On mail train from Salt Lake Valley and the local north came in over the Union Pacific, but there were no eastern connections. The Rio Grande Western promised the Colorado mails at 1:30 p. m., but when the train arrived it carried nothing but Utah county matter, having been run in as a stub from Thistle. The announcement was made that the Rio Grande Western mail train, having been delayed Colorado and eastern matter and west bound passengers left Grand Junction early in the morning and are now proceeding slowly westward. The Southern Pacific is still tied up tight and no opinion was forthcoming as to the probable time of the receipt of the eleven days' delayed western mails.

Abstracts furnished, titles insured and 1 per cent paid on deposits by Utah Title Insurance and Trust Co., 193 Main street.

Suits to order. \$20 at Samuel Spry's, 64 South Main street.

YES.

You understand correctly. The Rio Grande Western and Colorado Midland only charge \$16.50 from all points in Utah to the famous Glenwood Springs and return. Tickets good thirty days.

"Saltair Beach March." Daynes & Coalter.

Lyceum.

The new bill "Solomon Isaac" at the Lyceum brought out a good house last night. The audience was appreciative and laughed at the antics of Mr. Williams as Solomon Isaac. The bill remains the same all week. It is expected that Mr. Gardner will get through and open next week.

Mr. Burton announces that there is an elegant muff and a fine fan left at the Salt Lake theatre last evening, awaiting their respective owners at the box office.

At Saltair.

You can enjoy old time songs, old time music and old time dances this afternoon and evening.

Garfield Beach Trains.

Commencing July 10 Garfield beach trains will run as follows:

Leave Arrive  
Salt Lake Garfield Garfield Salt Lake  
7:45 a.m. 8:55 a.m. 12:00 noon 12:40 p.m.  
10:20 a.m. 11:00 a.m. 2:40 p.m. 4:30 p.m.  
2:30 p.m. 2:40 p.m. 5:30 p.m. 6:30 p.m.  
5:30 p.m. 5:40 p.m. 7:30 p.m. 8:10 p.m.

Gen'l. Agt. Passgr. Dep't.

# IN BUSINESS CIRCLES.

Demoralization Caused By the Strike Still Continues.

## ARE FREIGHTING BY TEAM.

A SUPPLY OF SUGAR BROUGHT IN YESTERDAY.

Slot Telephone Instruments—The

Cattle Market—Heavy Sale of

Cancelled Today—The Smelters

Preparing to Close Down—Notes.

The feeling in business and mining

circles regarding the outlook for the

early receipt or shipment of freight is

still far from settled, notwithstanding

the promises of the railroad people that

the trains, both freight and passenger

would be running on schedule time

within the next day or two. It is true

the fear of a coal famine has been

entirely dispelled by the receipt of

several trains of coal over the Rio

Grande Western, but the scarcity of the

commodities is just as marked as ever

and the indications for an immediate

general relief are not promising.

Some little freight was received in the city yesterday from the north, part of that which has been tied up at Ogden, and one train was sent south over the Union Pacific. The latter company promises the Horn Silver people that their machinery and supplies will be forwarded at once, in which event the operations at the mine in Price will be resumed without delay.

But two of the large Tintic properties, the Bullion-Buck and the Mammoth, are being operated, the others having failed to resume since the holiday days. The lack of shipping facilities is the cause of the general suspension. Just as soon as outside communication is assured there will be no delay in the resumption of work.

Out of the copper plant all is silent, the works being in the sole charge of watchmen.

The supply of cement for the completion of the gravel sewer is still being checked out and unless there is some relief within the next few days operations will be discontinued on the work. The cement is coming from both the east and the west, a large number of cars being tied up somewhere.

Salt Lake institutions have at last resorted to the old time method of transportation for freight, the team trains. The first to adopt this means of reducing the danger of a general commodity famine is Zion's Co-operative Mercantile Institution, which yesterday received 40,000 pounds of sugar from Ogden, together with other necessities. The freight from the Junction City. Yesterday afternoon a train of teams rolled into the institution's yard and the work of unloading the sugar began. These same teams of men, north last week with freight for Ogden and left the latter city for Salt Lake on Saturday evening. Since the tie-up of the Union Pacific several cars of sugar which were to have been delivered to the Z. C. M. I. have been held at Ogden. These were unloaded and their contents placed on board the wagons. The receipt of this amount of sugar is a great relief to the institution. Superintendent Webster stated last evening that notwithstanding the scarcity of the staple the institution had never raised the price, but it was decided to do out the sugar sparingly in order that there might be enough to go around.

SLOT TELEPHONE INSTRUMENTS.

Their General Use Has Just Been Authorized.

After a full consideration of the matter the board of directors of the Rocky Mountain Bell Telephone company have decided to adopt a novel departure in the manner of sending telegrams. The decision was reached yesterday afternoon that slot instruments would be furnished to those subscribers who desire to make the change, upon the monthly payment of a rental of \$2 and five cents for each connection.

The directors of the company met yesterday morning and determined upon the change in the usual practices of the company. In the future the accommodation might be given to the company's customers. There are a great many people in this city who very much desire a telephone but are unable to consider themselves unable to pay the regular \$50 per year rental. It will be some little time before the new instrument is ready for distribution, on account of their scarcity in the market. Manager Murray has placed his order for a large supply and they should commence to arrive before the end of the month. In the present subscribers desire to make the change to a slot machine the company will offer no opposition.

LOOKING FOR CATTLE.

Buyers Again in the Field, But With Low Prices.

Cattle buyers are again in the field in considerable numbers, but they are taking advantage of the insecurity of the transportation facilities and are bearing the markets. Prices are now even lower than last month, the only reason for the depression being the present conditions.

Several bunches of steers and stock cattle are being offered on the market at very low rates. John Middleton, of Iron county, is in the city endeavoring to dispose of in the neighborhood of 1,000 head of steers. Speaking yesterday of the outlook for stock in his county, the gentleman stated that the range is very dry and the cattle are being driven out into other and better feeding grounds. Until very recently Cedar mountain has been in splendid shape, but now the continued dry weather is even affecting it and the owners of cattle are bringing their stock down. The mountain is the summer range of the cattle of Iron county and it is noted throughout the southern country.

Messrs. Saunders and Tisdale have returned from Milford, where they have been for the past few days receiving the remainder of the stock cattle, recently purchased by them from the creditors of John W. Taylor. The receiver of the cattle was able to turn over but 50 additional head, the others being in dispute. The cattle were shipped as far north as Payson and from there will be trailed to Strawberry valley, there to be held pending an awakening market.

SALES OF COALVILLE WOOLS.

Two Hundred Thousand Pounds

Captured by Cohn and Campbell.

The wool men of the territory are awaiting patiently the promised movement of wools from this territory to the eastern market, although they view with apprehension the failure of the companies to get their freight systems into working order. Great quantities of this year's clip are held at various points in this territory and Wyoming for the breaking of the freight blockade.

On Saturday, The Herald announced that at Coalville there were 200,000 pounds of wool, for which the buyers were contesting very closely. The news came yesterday that Messrs. Cohn and Campbell had captured the entire lot. The prices have not been made public. W. L. Pickard returned on Sunday to Hilliard to superintend the shipment of the wools he purchased recently. This time the gentleman went prepared, having taken a team and wagon with him.

Three Heavy Pay Rolls.

Three local corporations will pay off

their employees for the month of June today and the payments aggregate \$17,500.

The Salt Lake City Street Railroad company always pays on the 10th of the month, and today it will distribute among its employees the sum of \$9,000.

Secretary Whitney, of the Utah Sugar company, was busy yesterday making out the pay checks for the hands in the employ of the company in the factory and farm at Lehi. The June salary payments of this company aggregate \$3,500.

The Germania Smelting company will pay off today for the last two weeks in June, thereby distributing \$6,000.

Preparing to Close.

No one is being received at the smelters as a consequence of the event of a continuance of the condition of affairs the works will close down by the end of the week. All three of the companies have a considerable supply of lead ores on hand, but there is a great scarcity of dry, and rather than exhaust these grades temporary rests will be taken.

Up One Point.

The market price of silver moved up one point over Sunday, the closing quotation being 62 1/2 cents. Lead is unchanged at \$3.10.

W. H. KING NOMINATED.

TO SUCCEED JUDGE MINER AS ASSOCIATE JUSTICE.

It Is Expected That the Nomination Will Be Speedily Confirmed by the Senate.

An Associated Press dispatch from Washington yesterday announced that President Cleveland had nominated Hon. William H. King, of Provo, as associate justice of the supreme court of Utah.

Mr. King will succeed Judge Miner, in the Fourth district court, and it is expected that the nomination will be speedily confirmed.

Mr. King will be the youngest of all the judges, and he is perhaps the youngest man who ever held a similar position in the territory. He is a native of Utah and has for several years practiced law in Provo, having been recognized as one of the brightest members of the bar there. He has served two or three terms in the legislature, and in 1892 was president of the chamber.

CHAMBER OF COMMERCE.

The Rue Lecture—A Financial Report—Mineral Specimens.

The directors of the chamber of commerce met yesterday afternoon, there being a full attendance of the members. The financial condition of the chamber was discussed at length, and the secretary was instructed to prepare a full report on this subject and present it at the next meeting.

It was stated that Professor Rue, the traveler and lecturer who has recently been speaking through the east on Utah and her resources, would deliver a free lecture at the theatre tomorrow night, and the board endorsed him. This lecture promises to be quite interesting and all are invited to attend it without charge.

The World's fair and midwinter fair exhibits having passed into the hands of the Deseret Agricultural and Manufacturing society, Professor Hirschvogel was appointed a committee of one to ascertain the portion of the exhibits which could be obtained for the chamber. The professor offered to arrange the exhibit and label it if the chamber would give him the surplus mineral specimens. This was accepted and a committee will choose the mineral specimens come under the head of surplus.

Ploche Record Notes.

H. W. Turner, Edward Willett and Edward Freudenreich returned Monday afternoon from their trip to the south, searching for the recently reported gold strike. The weather was too hot to permit them to penetrate the desert country, so they abandoned the trip for the time being, but will make another effort later when the water springs can be relied on. As it is now, many places usually containing water at this season of the year are dry, and the water in the section of country the party was after is in the vicinity of the old reported Brydole discovery.

Denton and Perry entered on their contract of crossing the Milford and Ploche mail on Monday. Each will perform service on separate parts of the route. Denton playing between Milford and Desert Springs, and Perry between Desert and this place. Good stock and security are reasonably provided, ready for the anticipated boom for the Ferguson section, and good service to the public is guaranteed.

Monday at 12:30 p. m. the DeLamar telephone rung in. The first talk from the new line was made by the wife of the ground over the Helene-Jim Crow summit, but it worked in good shape. By 4 in the afternoon the line was finished practically, and was doing regular business. Tuesday morning a phone for town use was sent down from here and it will be in place in some business houses tomorrow. This marks a new era for business in Ferguson district and the hope is expressed that this will follow next and in the near future.

The Bullionville mill is temporarily shut down on account of the lining of brick in the Howell roaster having fallen out. Another start will be made next week.

Democrats from all parts of Utah will have a grand re-nation at Saltair Beach, Saturday, July 14, under the auspices of the Democratic Society of Utah. Rates on the railroads.

ASSIGNEE SALE.

Great Sacrifice.

Great Sacrifice. The stock of millinery at 41 Main street will be sold regardless of cost. Don't miss this opportunity. H. BOUFFORD, Assignee.

New Departure.

We are making boys' suits to order, \$10 to \$15. Men's suits to order, \$25 to \$35. From Provo mills, all wool clothes. Order a home made suit. JOHN C. CUPLER & BROS., 36 Main street.

Money to Loan.

Five hundred thousand dollars at 7 to 8 per cent. No delay. Call and see. Conway & Donnellan, rooms 25 and 26, Commercial block.

NOTICE TO FISHERMEN.

Excursion Rates to Points on the Weber.

Commencing Saturday, June 30, the Union Pacific will sell return tickets to Weber and Croysen stations at \$2.35 on Saturday of each week, good for return until the following Monday.

SALT AIR BEACH TIME TABLE.

You can step from your bath room into any depth of water you desire. A clean beach. A white sandy bottom. Bathing simply perfect.

N. W. CLAYTON, Manager.

# OLD FOLKS' DAY.

ARRANGEMENTS COMPLETED FOR THE EXCURSION TO SALT AIR.

The Special "Old Folks' Train" Will Leave the Rio Grande Depot at 9 o'clock This Morning.

Today the aged people of Salt Lake and surrounding counties will, through the courtesy of the Saltair management, be entertained at that resort. The invitation is open to all classes without distinction as to race, faith or color. The old folks' committee, W. B. Preston, Gen. Goddard, C. R. Savage, William Eddington, William Naylor, W. L. Binder, John Kirkman, Andrew Jensen and Nelson A. Empey, with the aid of many citizens, have arranged a programme for the day, and hope that the memory of the hours spent at Saltair will linger with the old folks.

The trains will run according to schedule, and all are invited to join in the excursion. The day will linger with them and be to them like lingering strains of sweet music till the close of the day.

The trains will run according to time table and everybody is invited to join with the old folks in the afternoon and contribute to the welfare and happiness of our mothers and fathers. The day will close with a ball, old folks' dance, and lots of fun.

FROM THE COMMITTEE.

The committee gives out the following final announcement.

The special train to carry the old folks to Saltair will leave the Rio Grande railway depot in the morning at 9 o'clock sharp. All the committee aids, and also the special ward aids, both male and female, are requested to report for duty to the general committee at the depot at 8 o'clock a. m.

They will be furnished with badges by William L. Binder, a member of the committee, without which they are not entitled to ride on the train. Only those who wear red, blue and white badges are entitled to free rides on the street railways.

Returning from the lake in the evening the train will leave Saltair at 6:30, arriving in the city at 6:30. The management of the respective street railway have kindly promised to have excursions at the depot at the hour named to convey the old people to their respective homes in the city.

All excursionists are requested to be at the depot on time.

By order of the committee, ANDREW JENSEN, Secretary.

The Real Demon of the Marsh.

Is not a spook, but a reality. It is neither a "ghost" nor a "phantom," but any other of those spirits which the credulous have supposed to haunt the banks of rivers and streams after dusk. Its name is malaria, and though invisible, it is very terrible and tedious when it seizes you. Harketer's Stomach Bitters drives it away, nor will it attack those whose systems are fortified with the great medicinal defensive agent. The malarial mists of early morning, the vapors exhaled at evening may be safely breathed by those protected by the Bitters. In the tropics where every form of malarial disease threatens the soldier and is particularly virulent when developed, the Bitters is the best reliance of the inhabitant. For dyspepsia, liver complaint, lack of vigor, appetite and sleep, for rheumatism and nervousness, the Bitters are a sure and safe remedy.

Garfield Beach Trains.

Commencing July 10 Garfield beach trains will run as follows:

Leave Arrive  
Salt Lake Garfield Garfield Salt Lake  
7:45 a.m. 8:55 a.m. 12:00 noon 12:40 p.m.

D. E. BURLEY,  
Gen'l. Agt. Passgr. Dep't.

Should Boil All Water.

In view of the fact that dangerous impurities have been discovered polluting the waters of Parley's creek, people are advised to boil the water they use, which will be required for the removal of the same, to boil all water used for drinking and culinary purposes.

T. B. BEATTY,  
Health Commissioner.

At Saltair.

Young folks go and join with the dear old mothers and fathers, and contribute to their happiness, you'll be old some day yourself.

BASEBALL AT GARFIELD BEACH.
